

Postdoc position based in Perth, Western Australia

Dear Colleague

I am seeking a Research Associate in Experimental Atomic & Molecular Physics, based in the School of Physics (<http://www.physics.uwa.edu.au/>) at the University of Western Australia (<http://www.uwa.edu.au/>) for work in the area of "Synchrotron, free electron laser photon and electron impact experimental studies of atoms and molecules using picosecond timing and monoenergetic beams."

Details regarding the post can be accessed at

<https://www.his.admin.uwa.edu.au/jobvacs/external/academic/doc/doc1401580.RTF>

with information regarding the University of Western Australia and Perth available at

<http://www.jobs.uwa.edu.au/>. The closing date for applications is 5 June 2009.

I would be grateful if you could bring this opportunity to the attention of appropriate research students and staff.

Thanks for your help .....

Pete
